Dear clients!

First and foremost, we want to thank all of you for your many orders, loyalty, referrals, marketing, friendly words of encouragement, compliments, gifts, cards, wishes and patience in 2020. We truly appreciate all our clients and we work hard every day to make sure we live up to the high standards of quality, animal welfare and sustainability you deserve.

Wishing you all the best for 2021- health, happiness and prosperity. 2021 is a big year for the ferme d'ORée and ferme Côté Jardin with projects like new grassfed genetics of purebred Angus cows, new greenhouses, new biomass heating system for the farm and greenhouses, more organic veggie baskets, just to name a few...

We spent the holidays at home on the farm trying to develop new products, replenishing our sausage stock, ordering seeds for ferme Côté Jardin, and working hard on a huge renovation project.

You'll notice we added some tallow and lard soaps to our list of products available. Excited to try and maximize fat use and make some space in our freezer for more meat! Speaking of which, spread the word to friends and family about us! We have filled the freezers up again and would love it if they emptied out a bit! It's getting crowded...

Our deliveries for January:

Sunday January 10th, 24th Magog, Bromont, St-Lambert, Atwater

Sunday January 17th, 31st Ste-Anne-de-Bellevue, Ahuntsic, Rosemont, HOMA

Thursday January 21st Sherbrooke Cathedral

We also offer home delivery in Sherbrooke-Magog area anytime and home delivery in Mtl area- Drummondville every Thursday if ordered before Tuesday noon (delivery charge).

Recipes will start up again next week, if ever you have a great one you think others might appreciate, send them to us!

Again, wishing you a gentle 2021...

Gert, Sarah, Rosalie and Camille
