Newsletter, April 30th

Dear clients,

The grass finally started greening up and that means it is getting quite hectic on the farm. We have new calves every day and are youngest cows often need some help with that process. We named our first calf Rocky after Molly's suggestion! Also, we are spreading manure to give the grass a little boost and we are picking stone on the fields that we plowed to renew our pastures. The pigs and cows will go on pasture in just a couple of weeks, so we need to fix the fences as well!

Our deliveries in May are on

Wednesday, May, 3rd Coop la Maison Verte (Montreal - NDG)

Thursday, May 11th Sherbrooke Cathédrale

Sunday, May, 14th St-Anne-de-Bellevue, Ahuntsic, Rosemont-Petite-Patrie, HOMA,  
Lasalle

Sunday, May, 21th      Magog, Bromont, Longueuil, Atwater

Even though not many people order for Lasalle, we will deliver there one more time. We think that a Verdun delivery would attract more people, so if you live there and if you want to be a host for our farm, let us know.

For the coming months, we will maintain a similar delivery schedule. We will update the website soon.

Our ground beef specials are a great success. For this month, we will add a *fatty pork chops* special. They are good chops, but quite a lot fatter than the ones we are producing now, so we sell them a little cheaper.

Thanks,

Gert, Sarah, Rosalie and Camille
